HISTORY

Hess Services, Inc. was founded in 1989 and since that time the goal of our business has been to build the best industrial and oilfield products on the market. Hess Ready Mix is a Division of Hess Services, Inc., that was started in 2017. This division covers dirt work, heavy construction, concrete, precast products, sand, crushed concrete, dirt and several types and sizes of rock.

MISSION

Our mission is to be the first-choice Ready-Mix supplier in Western Kansas by sourcing better value and higher quality ingredients for the areas we serve, and investing in our people, equipment, and facilities to increase production, enhance consistency and improve our capacity to deliver.
